Special Thanks for Tomodachi Daiko

WHY YOU LEARN TAIKO?

For over 20 years, Tomodachi Daiko has been loved by the Anchorage community for its exciting sound of traditional Japanese culture. But guess what? There are many more things to learn! With "Feel the Rhythm of Japanese Culture," we're opening the door to discover what makes Taiko drums special. After you complete the class, you gain deeper perspectives on taiko and how the Japanese culture and values are tied together. It is also a great opportunity to learn what the students learn through taiko and why it is important for them in their lives.

REQUIRED ATTIRE

- Pants or Shorts
- You must be barefoot or wearing tabi shoes when you play taiko.
